

VIDA COLLECTION

TEXTILES + WALLCOVERINGS

Vida, meaning life, is inspired by the ebbs and flows of our regular routines and the patterns that infiltrate our days. Vida offers an in-depth look into life's stunning palette and sophisticated designs by turning down the noise from our often busy and chaotic schedules. Our lives are inspiring; the moments that fill them create beautifully orchestrated music. Vida pulls these moments, patterns, and movements together to create Brentano's thoughtfully curated Fall textile and wallcovering line.
