

FALL 2019 | COLLECTION GUIDE  
**BRENTANO**™  
CLEARWATER COLLECTION

## Fall 2019 Clearwater Collection Overview

Inspired by the subtle movement and reflections of light on water, the Clearwater Collection offers a fresh and rejuvenating family of patterns inspired by the travels of Founder and Design Director, Iris Wang. The serene patterns pair with highly usable anchor fabrics, all of which are bonded by lively and cohesive colorwork. These innovative textiles showcase dynamic movement in their patterns while simultaneously offering unique features, some the very first of their kind, adding further to Brentano's renowned history of Beauty + Performance.

Following artistic studies undertaken by Iris while in Venice, Fontaine captures the movement of sunlight against a calm water's surface; This refined pattern became the muse for the whole collection. Charming, and almost scenic in appearance, Fontaine also benefits from Brentano's Tri-sistant finish, making it as durable as it is handsome. Expanding on our celebrated selection of indoor/outdoor fabrics, Lily Pond features a versatile geometric lily pad design. Although bold and graphic, the modernity of Lily Pond converses well our new indoor/outdoor solid, Stillwater and its sister stripe, Channel. They are all bleach cleanable and made with Bella-Dura recyclable yarns.

Pushing the boundaries of performance, Triton is Brentano's first ever indoor/outdoor faux-leather. Offered in 9 attractive, contemporary colorways, Triton employs an exclusive formula that allows it to withstand the harshest of elements, while still boasting bleach cleanability and an Ink Safe finish.
