# ANTHURIUM

Brentano's Spring 2024 Collection, Anthurium, is a compilation of textiles and wallcoverings woven into painterly layers. Designed through the lens of an artist, the collection showcases Founder Iris Wang's deep love for painting and the wide breadth of artistic skill she brings to each versatile design.

Highlighting magnificent and lush fabrics, the collection features 4 outdoor velvets that create striking monochromatic design spaces. The collection also showcases Brentano's first PVC-Free wallcoverings, Guild and Lona. A new challenge for the team, the studio explored different mediums to create depth and painterly-like qualities. Through their pursuit of artistic growth, the 2 wallcoverings were born, bringing to life a world in which thick brushstrokes and whimsical layers of color transport one to impressionist-styled interiors.
