CLEARWATER
FALL 2019

Clearwater Collection

Inspired by the subtle movement and reflections of light on water, the Clearwater Collection offers a fresh and rejuvenating family of patterns inspired by the travels of Founder and Design Director, Iris Wang. These innovative textiles showcase dynamic movement in their patterns while simultaneously offering unique features, some the very first of their kind, adding further to Brentano's renowned history of Beauty + Performance.

A plush addition to Brentano's Studio Program, Inlet's (front) lavish hand, multitude of colorways and reliable durability, belie its accessible pricepoint.
