

# CLEARWATER

A rejuvenating display of designs paired with serene and lively colorwork, the Clearwater Collection is a window to nature's beauty encapsulated in woven threads. These innovative textiles showcase dynamic movement in their patterns while excelling in capabilities, some offering the very first of its kind in Brentano's renown history of Beauty + Performance.

## BEAUTY + PERFORMANCE

Exhibiting the movement of sunlight against a calm water's surface, Fontaine is carefully translated from an original painting by Founder and Design Director Iris Wang, protected with Tri-sistant finish, adding to Brentano's line of performance fabrics. Woven with a unique, alluring texture the refreshing look of Spritz brings an exhilarating touch to interior schemes with no wear at 100,000 double rubs (Wyzenbeek, Cotton Duck) and Brentano's Tri-sistant finish and Acrylic backing.

TRITON PEACOCK, SPRITZ SPRING WATER, INLET BOSPORUS, LOCH PEACOCK, FONTAINE WINTER

## ECO-FRIENDLY

Water conservation heavily influencing Wang's textile design, it is no surprise the new collection highlights 6 new environmentally-conscious textiles. A clever addition to Brentano's eco-friendly fabrics, Loch, is made with 100% Upcycled Fibers, preventing material waste. Durable and chic, the small, reflective wefts in Mirage are a delight to the eye, made with recover upcycled cotton.

## INDOOR/OUTDOOR

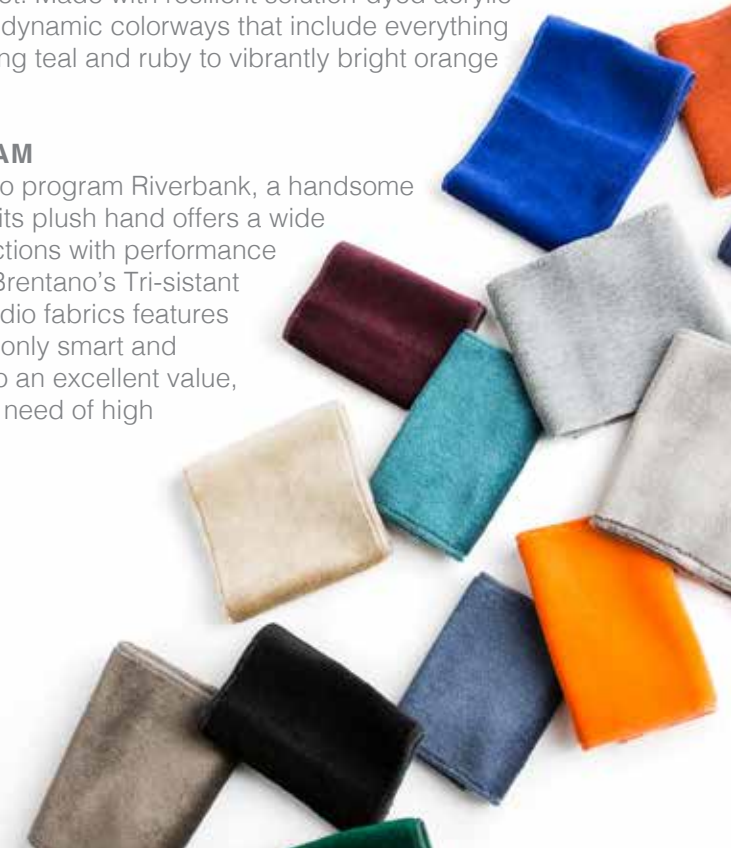

Featuring 7 new indoor/outdoor upholstery fabrics, the Clearwater collection uses vibrant colors and bold patterns to liven spaces with enhanced durability. Lily Pond features a versatile geometric lily pad design that easily coordinates with outdoor stripe Channel and solid Stillwater, all bleach cleanable and made with Bella Dura recyclable yarns.

Pushing the boundaries of performance, introduced for the first time is our outdoor faux-leather Triton, made with a unique formula to withstand the elements while boasting bleach cleanability and an inksafe finish.

Long-awaited, the posh and smart Lutra introduces Brentano's first indoor/outdoor velvet. Made with resilient solution-dyed acrylic and available in 19 dynamic colorways that include everything from a deeply alluring teal and ruby to vibrantly bright orange and seafoam.

## STUDIO PROGRAM

Adding to our Studio program Riverbank, a handsome solid and Inlet with its plush hand offers a wide range of color selections with performance features including Brentano's Tri-sistant finish. Brentano Studio fabrics features textiles that are not only smart and durable but are also an excellent value, ideal for projects in need of high stock quantities.

SPRTIZ

FONTAINE ORIGINAL ARTWORK

The Brentano Design studio, led by Iris Wang, has grown from a modest eight patterns in 1990, into an international source for residential, hospitality and commercial, upholstery and drapery fabrics. The range has expanded to include luxurious faux leathers, sophisticated indoor/outdoor choices, dynamic stain resistant and easy clean finish options, as well as a beautiful collection of eco-friendly textiles.

## CLEARWATER COLLECTION

BY IRIS WANG

---

“

Clearwater is about reflections, both actual and philosophical. Water in nature takes shape as needed—sometimes still, other times rushing forth. There comes a great beauty from this behavior, and those are the moments I wanted to capture into our fabrics.

- IRIS WANG, FOUNDER/DESIGN DIRECTOR, BRENTANO
