

HARMONY COLLECTION

A SYMPHONY OF VISUAL AND TACTILE EXPERIENCES

Inspired by the melodies of everyday life, Harmony is a thoughtfully curated collection that weaves together the rhythms, textures, and tones that surround us. Affectionately named after musicians and musical terms, each pattern pays homage to the beauty of sound and its power to evoke emotion and connection. Blending dynamic color work with sophisticated weave structures and endearing patterns, the collection creates a symphony of visual and tactile experiences.
